

WEEKLY BULLETIN 1

CPD Focus	Working with our students at Lilya's Schools can be incredibly rewarding, but some moments can feel challenging for us. Last week, Anne led a session exploring how we can support the wellbeing of students at LLET using the power of connection. Our positive interactions, big and small, teach our students that they can trust us. Those moments enable our young people to have fun, feel accepted and liked, and can encourage them to ask us for help when they need support with their mental health.
Mental Health of Children	Young Minds offers professionals in education a range of resources to support them in looking after students' mental health and wellbeing: Schools Mental Health Resources YoungMinds 
Safeguarding Focus	The new KCSIE 2025 statutory guidance is now in effect. All staff should have read at least part one of the guidance and declared that this has been read:

	Generative AI When used appropriately, generative AI has the potential to: - Reduce workload - Free up teachers' time However, content produced by AI could be inaccurate, inappropriate or unsafe, biased, taken out of context, taken without permission (intellectual property infringement), out of date or unreliable, low quality. We must use their professional judgement when using AI tools and abide by our legal responsibilities, including those related to data protection and keeping children safe in education. There will be a focussed session on the use of AI w/c 15th September. Harmful Sexual Behaviour The Shore Space online resource offers a space for teenagers worried about the sexual behaviour of others, or their own thoughts and actions, to chat confidentially and get crucial advice: Home - Shore
